

I'm Molly, a soul listening, tea drinking, Welsh speaking, Spanish learning, motion loving, hard-working, Graphic Designer.

Experience	Peak, Manchester Graphic Designer 2022 - 2023	As an in-house designer for Peak, I worked with performance ad specialists and campaign managers to design web graphics that drove engagement. Additionally, I worked closely with the events team to promote events and craft memorable experiences internally and externally. Peak gave me the opportunity to experiment with motion graphics, allowing my passion for this medium to grow.
	Glorious Creative Junior Designer 2021 - 2022	At Glorious Creative, I worked on an array of branding projects across multiple sectors. From conceptualising creative ideas to executing the final designs for print, I was involved in every stage of the design process. The knowledge I gained at Glorious was invaluable, equipping me with a strong foundation for tackling creative briefs.

Other experience	British Council, Spain Language Assistant 2024 - 2025	Since graduating from university, I've explored careers in both design and education. While working as a teaching assistant in Spain and Wales, I found that the most memorable lessons are the creative ones. Whether it's getting students to write lyrics to remember key facts, or creating videos, posters, and sculptures, it's amazing how creativity can make even the trickiest concepts stick!
	Ysgol Bod Alaw, Wales Teaching Assistant 2023 - 2024
